

Parts Shipped per Calendar Yr.

PROGRAM NAME: ANALRPT1

MENU OPTION TITLE: Parts Shipped per Calendar Yr.

MAIN MODULE: ORDERS SHIPPED REPORTS

HELP KEY ACTIVE: NO

PROGRAM OVERVIEW

This report gives you a monthly print out of sales by part number in a annualized format, with historical standard cost. When the Point of Sale or Distribution order processing sales systems ship orders, a database is created automatically with the sales quantities, revenues, and standard costs. This report can be used to compare against the actual cost reports for the same time period to analyze the differences in gross dollars.

PROGRAM OPERATION

ENTER THE YEAR TO DO ANALYSIS FOR At the prompt, type in the last two digits of year you want your report for and press <ENTER>.

O.K. TO BEGIN PROCESSING FOR THIS YEAR? <XX> Y If the year is okay, press <ENTER>. You will notice a line of asterisks start forming a line across the bottom of the screen. This indicates your report is being processed. Then you will be transported back to the options menu <ORDERS SHIPPED REPORTS MENU #1>.
