

Recalc/Compare YTD Bill/Ship

PROGRAM NAME: ARCLCPER

MENU OPTION TITLE: Recalc/Compare YTD Bill/Ship

MAIN MODULE: CUSTOMER ACCOUNT FUNC.

HELP KEY ACTIVE: NO

PROGRAM OVERVIEW

You can use this program to recalculate and compare the customer year to date totals for ship, bill, and pay. The program will not store the totals in the customer master file. You can use this program to view or print sales information and not affect the actual customer master file totals.

One of the real valuable uses of this program is the ability to define a date range, which allows you to perform sales and demographic studies for customers by any range of time you wish to define.

PROGRAM OPERATION

ENTER BEGINNING PERIOD DATE:

ENTER ENDING PERIOD DATE:

ENTER CUSTOMER, BLANK FOR ALL: You can calculate only one customer or all. You can use the (IFF) functions here to find a customer.

ENTER PRINTER # TO USE: Choose one of the printers defined in the printer setup file.
