

View Inventory

PROGRAM NAME: PARTVIEW

MENU OPTION TITLE: View Inventory

MAIN MODULE: PARTS MAINTENANCE

HELP KEY ACTIVE: YES

PROGRAM OVERVIEW

This program is used strictly for viewing a single item or the complete list of your current inventory.

PROGRAM OPERATION

PART #: In this field, type a valid part number and press <ENTER>. If you don't know the whole part number you can type in the first character, or more, of the part number and press <ENTER>. Since the field is indexed, you can also use <IFF>!

Hint: Remember that <ArrowUp>/<ArrowDown> keys will page through the three different inventory screens. <ENTER> will take you through the screens in sequence. Press <ESC> to exit to the options menu.
