Payroll Check Std. Messages

PROGRAM NAME: PRMESAGE
MENU OPTION TITLE: Payroll Check Std. Messages
MAIN MODULE: PAYROLL
HELP KEY ACTIVE: YES

PROGRAM OVERVIEW

You can use this feature to allow printed messages on all regular IBS Payroll checks. You can store as many messages as you like and decide which one to use during payroll processing.

NOTE: Only one message can be used per print run.

PROGRAM OPERATION

Code: This is a three-character field for identifying the messages.

Message: Enter the message you want displayed on the checks. There are 50 characters available for each message.
