

## **Workers Comp. Tax Codes**

**PROGRAM NAME:** PRWKCOMP

**MENU OPTION TITLE:** Workers Comp. Tax Codes

**MAIN MODULE:** PAYROLL

**HELP KEY ACTIVE:** YES

### **PROGRAM OVERVIEW**

This program allows you to set up a workers compensation deduction. The maximum amount is tested during payroll processing to see if the deduction should still be taken.

### **PROGRAM OPERATION**

**TYPE:** Enter a three-character code in this field to identify each workers compensation rate.

**PERCENTAGE TAKEN:** Enter the deduction as a percentage, such as 6.00 as six percent.

**DESCRIPTION:** Enter the description you want for each type of deduction. This doesn't print anywhere and is for identification purposes only.
