Change Description Backorders

PROGRAM NAME: SADESCFX
MENU OPTION TITLE: Change Description Backorders
MAIN MODULE: BACKORDER RETRIEVAL
HELP KEY ACTIVE: YES

PROGRAM OVERVIEW

This program updates the description of parts on a backorder invoice to the current description of that in the parts database file. Use this program if a change of the description of a part has been made.

PROGRAM OPERATION

PART #: Enter the part number that needs to be changed on the backorders. The current description of the part is displayed next to the part number.
