

Print Old Manifest by ORDER #

PROGRAM NAME: SAORDER

MENU OPTION TITLE: Print Old Manifest by ORDER #

MAIN MODULE: MANIFEST HISTORY

HELP KEY ACTIVE: NO

PROGRAM OVERVIEW

This program will show a listing of all UPS charges of orders shipped to customers, based on order number. Use this program to print a copy of an old manifest, listed by order number that has been sent to the history file already. If you run multi-company manifests, you can select by company number (<0101> for example) or consolidated (return past field leaving it blank) for all companies, as well.

PROGRAM OPERATION

Enter the Manifest # for the report: Type the number of the manifest you want to print.

Enter the Company # for the report: Type the 4 digit company identifier number, or return past for consolidated, and the company name will display directly below the number. If you enter past this field, no company name will display.

Is this correct Y:
