

Product Code Maint.

PROGRAM NAME: TMCODGUT

MENU OPTION TITLE: Product Code Maint.

MAIN MODULE: CUSTOMER ACCOUNT FUNCTIONS

HELP KEY ACTIVE: NO

PROGRAM OVERVIEW

This program is used to set up the product codes that can be referred to in the customer extended information. It can represent products or services or other demographic information you want associated with your customers if it applies, for a better understanding of your market.

PROGRAM OPERATION

ENTER PRODUCT CODES: This is display only.

CODE: This is a three-digit code to represent any type of product that is needed. Depending on how detailed you go, you may want to use part of the alphabet as the code. This will make it easy to associate and remember a code and what it represents. You can type in the exact code or use <IFF>. If you wish to create a new code, just simply leave the screen blank and type in the new code.

DESCRIPTION: This is the description that is associated with the {CODE}.
